Information Requested:

I am a junior doctor currently working in General Adult Psychiatry in North Central London. I am in the process of writing a paper with Dr John Tully, a clinical associate professor and practicing consultant in Forensic Psychiatry . The paper is about the ethics of using electronic monitoring (or 'tagging' devices) in forensic services for patients on leave.

1. I am trying to gauge the number of Medium Secure Units in the UK that have implemented electronic monitoring, and wondered whether it is being used at Brockfield House?

[EPUT does not use electronic tagging of patients within our Medium Secure Services at Brockfield House.](#)

Publication Scheme:

As part of the Freedom of Information Act all public organisations are required to proactively publish certain classes of information on a Publication Scheme.
