

Freedom of Information Request

Reference Number: [EPUT.FOI.24.3403](#)

Date Received: 01.03.2024

Information Requested:

I am writing under the Freedom of Information Act 2000 to request information about several systems and services in use at Essex Partnership University NHS Foundation Trust.

1. My inquiries are as follows:

Technologies	Supplier	Software/system	Contract expiry date	Revised expiry date
Electronic patient record	https://www.whatdotheyknow.com/request/epr_and_mdi_information_request_49/response/2531194/attach/5/EPUT.FOI.24.3296.pdf?cookie_passthrough=1 website and therefore is applying a Section 21 exemption of the Act (Information accessible to applicant by other means):

Cyber security services	This information is exempt under Section 31 (1a) of the Freedom of Information Act as disclosure would, or would be likely to, prejudice the prevention or detection of crime. Essex Partnership NHS Foundation Trust believe that releasing this information would enable cyber criminals to identify and take advantage of any weaknesses within the security of trust services. This would put patient & trust information at risk, including clinical, financial, and sensitive personal data. We therefore apply section 31(1)(a). Section 31 is a qualified exemption, so we have considered the public interest, but we believe that on this occasion the risk to data outweighs the public interest in cyber security concerns.
