Information Requested

1. The number of deaths of in-patients in mental health facilities in the Trust in each year: 2018, 2019, 2020, 2021, 2022, and 2023 to end.

- c. whether the deaths occurred on the premises or while the patient was AWOL or on leave.

Please note that the trust's policy is not to provide patient or staff numbers, where the response is less than or equal to five (≤ 5) as it would potentially allow identification of the individual patient/staff and would therefore be personal data. The trust considers that release of that information would breach GDPR/DPA18 principles on the grounds that it would not be fair in all the circumstances. This information is therefore exempt under section 40 of the FOI Act 2000.

For the period 2018-2022. The Trust believes that this information is publicly available on the website and therefore is applying a Section 21 exemption of the Act (Information accessible to applicant by other means)

The Trust considers that release of that information would breach GDPR/DPA18 principles on the grounds that it would not be fair in all the circumstances. This information is therefore exempt under section 40 of the FOI Act 2000. Seclusion is used only when clinically necessary and driven by patient safety. Our nursing and medical teams will work with any patients requiring seclusion to support them through therapeutic care so that they can return to the ward environment/be discharged as soon as possible
