Section 43(2): Commercial Interests.

It is considered that the release of such information would place the Trust at a commercial disadvantage by restricting its negotiating powers for future contracts. The Trust recognises there is a public interest in ensuring public money is spent wisely and that value for money is achieved.

However, the Trust believes the disclosure of this information would severely undermine its ability to achieve value for money from public funding. In all the circumstances of the case, the public interest in maintaining the exemption outweighs the public interest in disclosing the information.

Publication Scheme:

As part of the Freedom of Information Act all public organisations are required to proactively publish certain classes of information on a Publication Scheme. A publication scheme is a guide to the information that is held by the organisation. EPUT's Publication Scheme is located on its Website at the following link <https://eput.nhs.uk>
